The information contained in this syllabus is subject to change without notice. Students are expected to be aware of any additional course policies presented by the instructor during the course.

Catalog Course Description (include prerequisites): This course is a study of anatomy and physiology with emphasis on human pathophysiology, including etiology, prognosis, medical treatment, and signs and symptoms of common diseases of the body systems. Prerequesite: 1313

Required Textbook(s):

Human Diseases, 4th Edition, Marianne Neighbors and Ruth Tannehill-Jones, Saunders/Elsevier, 2013 MindTap Learning Platform for Human Diseases

Publisher: Cengage

ISBN Number: 978-1-2850-6592-2

Recommended Reading(s):

• None

Student Learning Outcomes:

- 1. Demonstrate knowledge of pathologic mechanisms related to disease processes and each body system.
- 2. List the signs and symptoms of various common diseases as they relate to interaction with each body system
- 3. Demonstrate knowledge of the basic principles of etiologic factors, diagnosis, treatment options, prognosis, and prevention of disease processes.
- 4. Discuss implications for disease and disability when homeostasis is not maintained.
- 5. Describe implications for treatment related to pathology.
- 6. Compare body structure and function of the human body across the life span.
- 7. Define terminology related to human disease and pathophysiology
- 8. Be able to complete objectives related to each chapter of the text.

SCANS Skills:

RESOURCES: Identify and build pathophysiologic terminology and theory and apply learning to

analysis and decision-making skills correctly.

Recognize limitations of expertise and communicate with instructor when INTERPERSONAL:

questions arise. Show respect for instructor and peers during class time.

Apply information gained from lecture, laboratory, Internet, and independent INFORMATION:

study to acquire relevant information to specific topics that relate to human

diseases and pathophysiology.

TECHNOLOGY: Use computers and the Internet to access course materials and other relevant

course information and research.

Lectures & Discussions:

Discussion Questions (DQs): You will have one DQ due each week. Grading is based on the DQ rubric located in the "Rubric" tab on the right side of homepage screen. Please post your initial response by Day 3 (Wednesday) and respond to the instructor and two people (classmates) by Day 7 (Sunday). You must post on at least three different days of the week to receive credit for participation. Minimum word count for initial posting is 50 words and minimum word count for peer responses is 25 words. Make sure that you research your answer and cite and reference your work using APA formatting. Answers must be thought provoking or ask a question regarding the content of the post. I expect your posts to be researched, insightful, and add value to the discussion. Please note that I do grade on grammar, spelling, the use of citation and referencing, and punctuation as correct use of written communication is important. I have posted basic information for use of APA formatting under the "START HERE" tab. However, if you are comfortable using a different reference formatting such as MLA, that is acceptable.

Evaluation/Grading Policy:

DO's and Check Yourself 15%

Homework, Med Report and Term Match 25%

Unit Tests 30%

Final Comprehensive Exam 30%

Grading Scale:

The grading scale of all graded activities combined will be the following

90% - 100% = A 89% - 80% = B 79% - 75% = C Below 74% = F

Tests/Exams:

Test Yourself: Due by Day 7 of each week.

****There are no make-ups for any activities or assignments and I do not accept late work unless prior arrangements have been made.

<u>Final Comprehensive Exam:</u> This test will be administered the last week of class and will not be available before the last week of class. Additional information regarding the final will be posted in week of class. There is absolutely NO MAKE UP for the final exam.

Assignments:

<u>MindTap Assignments:</u> All of the following assignments are performed through the MindTap Learning Platform and are due by Day 7 of each week:

^{**} A minimum of a "C" is required to pass this course.

<u>Check Yourself:</u> Due by Day 7 of each week.

Chapter Homework: Due by Day 7 of each week.

Apply Yourself: Medical Report Spelling: Due by Day 7 of each week.

Apply Yourself: Term Match: Due by Day 7 of each week.

Other Course Requirements:

APA (American Psychological Association) Format: APA is a specific format that is a guideline for every aspect of writing, from determining authorship to constructing a <u>table</u> to avoiding <u>plagiarism</u> and constructing accurate reference citations. This format must be adhered to for all writing assignments to avoid plagiarizing your written material including discussion questions and peer responses. If you are unfamiliar with APA formatting, I have provided an Internet link on the "START HERE" page for reference.

Student Responsibilities/Expectations:

Online Communication:

Since this is online course and we do not interact face-to-face, good communication within the online environment is essential. Please read "The Core Rules of Netiquette" posted under "START HERE."

If you have any questions regarding course content or questions related specifically to the class, please post them in the "Ask the Instructor Forum" posted under "START HERE" or "DISCUSSIONS." Please take advantage of this forum as all students may benefit from your knowledge. If you have a personal question or situation, please email me directly. I make it a policy to answer all emails within 24 hours of receipt of the email. If I do not respond to you in 24 hours, please text me. As with electronic transfer of information (Internet connection issues), I may not have received your email. I also make it a point to log-on to our classroom frequently each week. If for any reason I will be unavailable during the semester, I will post the information under the "Announce ments" tab.

It is important to always check your **Blackboard Course E-mail**, **the Discussion** area, **Announcements**, and the **Ask the Instructor** area each time you check into the classroom. One of your classmates may have offered feedback or insight that will be helpful to you or I may have provided information in general to assist you in your work.

Private e-mailing between student and instructor via the **Blackboard Course e-mail** should only be used for personal, confidential situations. Any communication regarding a personal matter should be sent directly to the instructor via e-mail. No communications of a private or personal matter should be posted in the public spaces of the classroom.

Please feel free to use the Class Biography forum to initiate and participate in conversations not directly related to the course. This is an excellent opportunity to get to know other students.

Course Navigation:

Please ensure that you navigate through the entire course so you are aware of the location of course materials, email, grade book, BlackBoard help, etc. <u>It is your responsibility</u> to ensure your knowledge of the BlackBoard system. If you have any questions, please post in the "**Ask the Instructor Forum**," or

you can contact NTCC's Tech Support. There are several "tabs" to the left of the course screen that provide additional information for the course.

Internet Connection Issues:

Since this course is delivered in an online format, please ensure that you have the proper computer and Internet set-up. There are no excuses for not submitting assignments due to technology issues — in other words, "my dog ate my computer" is not a valid excuse. If you have issues regarding connectivity, please contact NTCC's Tech Support for help. If you have issues with navigating through the BlackBoard system, please refer to the "HELP" tab to the left on the course screen.

NTCC Academic Honesty Statement:

"Students are expected to complete course work in an honest manner, using their intellects and resources designated as allowable by the course instructor. Students are responsible for addressing questions about allowable resources with the course instructor. NTCC upholds the highest standards of academic integrity. This course will follow the NTCC Academic Honesty policy stated in the Student Handbook."

Academic Ethics

The college expects all students to engage in academic pursuits in a manner that is beyond reproach. Students are expected to maintain complete honesty and integrity in their academic pursuit. Academic dishonesty such as cheating, plagiarism, and collusion is unacceptable and may result in disciplinary action. Refer to the student handbook for more information on this subject.

ADA Statement:

It is the policy of NTCC to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to request accommodations. An appointment can be made with John Coleman, Academic Advisor/Coordinator of Special Populations located in the College Connection. He can be reached at 903-434-8104. For more information and to obtain a copy of the Request for Accommodations, please refer to the NTCC website - Special Populations.

Family Educational Rights And Privacy Act (FERPA):

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she attends a school beyond the high school level. Students to whom the rights have transferred are considered "eligible students." In essence, a parent has no legal right to obtain information concerning the child's college records without the written consent of the student. In compliance with FERPA, information classified as "directory information" may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student's name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.

Other Course Policies:

None.
