Course Requirements

Grades will be determined through a combination of assignments which will include Discussion Board postings, LearnSmart Exercises, Essays and Examinations.

Discussion Boards

Students will be required to participate in a Discussion Board for each Unit of study. Discussion Board Topics will be based on themes of our textbook – *traditions and encounters*. For each forum, participation will include students responding directly to the posted historical question (initial post) as well as commenting on at least one classmate’s post in each forum (response post). Students are required to submit one initial post and one response post for each unit. All posts should be free from grammatical and typical errors. Initial Posts must be at least 100 words in length; each Response Post must be at least 100 words in length. Students must make their own initial post, prior to viewing and responding to the posts of other students. Please note that meeting the minimum requirements in the number of posts and the length of posts will not ensure students full credit. Please see the course website for more specific instructions. Each Unit’s postings will be worth 100 points each, and comprise 20% of a student’s final grade for this course.

LearnSmart Exercises

Students will be required to complete the LearnSmart Exercises for each assigned chapter. LearnSmart is a study tool which helps students to review chapter material. Grades are based on completion of the Module, not by correct/incorrect answers (i.e. if a student

completes only 70% of the Module by the due date, then the student receives a 70 %; if a student completes 100% of the Module by the due date, then the student receives a 100%). Please see the course website for more specific instructions. LearnSmart Exercises will be worth 100 points each, and comprise 20% of a student’s final grade for this course.

Essay Assignment and Related Preparatory Assignments

Students will be required to write an essay for HIST 2321. This assignment is very similar to the Discussion Boards, which are designed to provide students with the opportunity to practice and hone their skills before having to provide a longer, more organized, and well supported essay response. There will also be several assignments that will help students prepare their essay, including submitting their Thesis Statement and Topic Sentences for Body Paragraphs. These preparatory assignments, alongside the Discussion Board Forums, are designed to ensure the success of each student in writing their essay.

The preparatory assignments and the Essay Assignment will comprise 20% of a student’s final grade for this course.

Examinations

Students will be required to complete a Midterm and a Final Examination. Each Exam will be comprised of 100 questions (multiple choice, matching, fill in the blank, etc.) – broken into two parts, 50 questions each, covering only certain chapters, to be completed within 100 minutes:

Midterm	Part A	50 Questions	Covering Chapters 1-4	100 minutes	200 pts (50 question x 4 pts each)

Family Educational Rights and Privacy Act (FERPA)

The Family Education Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children’s educational records. These rights transfer to the student when he or she attends a school beyond the high school level. Students to whom the rights have transferred are considered “eligible students.” In essence, a parent has no legal right to obtain information concerning the child’s college records without written consent of the student. In compliance with FERPA, information classified as “director information” may be released to the general public without written consent of the student unless the student makes a request in writing. Directory information is defined as: the student’s name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participating in officially recognized activities/sports.
