The information contained in this syllabus is subject to change without notice. Students are expected to be aware of any additional course policies presented by the instructor during the course.

Catalog Course Description (include prerequisites): A study of the UNIX operating system including multi-user concepts, terminal emulation, use of system editor, basic UNIX commands, and writing script files. Topics include introductory systems management concepts.

Required Textbook(s):
Text Book: Guide to UNIX Using Linux, 4th edition
Michael Palmer

Publisher: Course Technology
ISBN Number: 1-4188-3723-7

Recommended Reading(s): (Optional)
Linux+ Guide to Linux Certification
Any available resources relating to UNIX or LINUX.

Student Learning Outcomes:
1. Students will demonstrate the ability to use basic UNIX commands.
2. Students will demonstrate the ability to apply terminal emulation.
3. Students will demonstrate the ability to use a system editor.
4. Students will demonstrate the ability to manage individual user accounts and files.

Exemplary Educational Objectives:
N/A

SCANS Skills:
(C1,C5,C6,C7,C8,C10,C12,C13,C15,C16,C18,C19,F1,F2,F3,F4,F5,F6,F7,F8,F9,F10, F11,F12,F13,F14,F15,F16,F17)Academic transfer - type N/A

Lectures & Discussions:
Each chapter will consist of some reading material and some hands on exercises. Some assignments will be worked on together during class. However, you must find time outside of class to read the book and to complete the assignments.

Evaluation/Grading Policy:
Midterm Exam 15%
Final Exam 15%
Chapter Quizzes 40%
Review Questions 15%
Lab Assignments 15%

Tests/Exams:
There will be two major proctored exams for the course in addition to online chapter quizzes. You must take the proctored midterm and final exams at an approved testing facility. For NTCC students, the best location is the college testing center located in the Business Technology building. For students at other colleges an approved testing location must be discussed with the course instructor. The online chapter quizzes can be taken at home. All exams and quizzes will consist of mostly multiple choice questions with a few short answer questions as well. Makeup tests will not be given unless arrangements have been made prior to the test time.

Assignments:
Lab assignments will be designed to reinforce concpts from the chapters.

Other Course Requirements:
Supplies Needed: Materials for taking notes and a USB jump drive.

Student Responsibilities/Expectations:
Be prepared and read the appropriate material in the textbook.

You are expected to turn in completed assignments through Blackboard. Any assignments marked late by the interface may receive up to a 10% late penalty.

No assignments will be accepted more than one week late.

Unless specifically indicated by the instructor, collaboration on assignments among students is not intended or allowed. Assignments are to be performed individually, and any material handed in by a student should represent that student's own work. If a student is found cheating, their overall class grade will be reduced by a minimum of one letter grade, and the student may receive an F depending on the situation. If two students turn in assignments that are identical or very nearly identical, BOTH students will be given a 0 for that assignment. Don't copy another student's work, and don't let someone else copy yours.

NTCC Academic Honesty Statement:
"Students are expected to complete course work in an honest manner, using their intellects and resources designated as allowable by the course instructor. Students are responsible for addressing questions about allowable resources with the course instructor. NTCC upholds the highest standards of academic integrity. This course will follow the NTCC Academic Honesty policy stated in the Student Handbook."

Academic Ethics
The college expects all students to engage in academic pursuits in a manner that is beyond reproach. Students are expected to maintain complete honesty and integrity in their academic pursuit. Academic dishonesty such as cheating, plagiarism, and collusion is unacceptable and may result in disciplinary action. Refer to the student handbook for more information on this subject.

ADA Statement:
It is the policy of NTCC to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College counselor to obtain a Request for Accommodations form. For more information, please refer to the NTCC Catalog or Student Handbook.

Family Educational Rights And Privacy Act (Ferpa):
The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she attends a school beyond the high school level. Students to whom the rights have transferred are considered "eligible students." In essence, a parent has no legal right to obtain information concerning the child's college records without the written consent of the student. In compliance with FERPA, information classified as "directory information" may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student's name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.

Other Course Policies:

STUDENT CONDUCT IN CLASS POLICY:
Any acts of classroom disruption that go beyond the normal rights of students to question and discuss with instructors the educational process relative to subject content will not be tolerated, in accordance with the Academic Code of Conduct described in the Student Handbook.
