Office Hours: 15 minutes before class or by appointment

The information contained in this syllabus is subject to change without notice. Students are expected to be aware of any additional course policies presented by the instructor during the course.

Catalog Course Description (include prerequisites): Anatomy & Physiology I is intended for students entering field of study in allied health sciences, social work, physical therapy, physical education or any student who needs a basic understanding of the structure and function of the human body. This course is the first semester of a two semester sequence and includes a study of basic cell biology, histology, the integument, skeletal, muscular and nervous systems. Animal dissection is a required element of the laboratory component.

Required Textbooks:

Hole's Human Anatomy & Physiology With Connect Plus/Learnsmart 2 Semester Access Shier
McGraw Hill ISBN 1-2596-2126-X Copyright 16 Edition 14-This includes the hard copy textbook.

-OR-

Digital Text with Connect McGraw Hill ISBN 1-2592-9567-Copyright 16 Edition 14

Laboratory Manual for Human Anatomy and Physiology, 2nd Edition

Terry R. Martin

McGraw Hill ISBN 978-0-07-735307-0

Recommended Reading(s): Chapters 1 through 12 in the textbook

Student Learning Outcomes:

1. Define anatomy and physiology, explain the importance of the relationship between structure and function and be able to describe directional terms and anatomical positions.
2. Explain the nature of a human cell.
3. Describe the general make-up of a tissue and be able to recognize the primary tissue types and examples of each type.
4. Describe the general structure and function of the integumentary system.
5. Describe the general structure and function of the skeletal system inclusive of joints.
6. Summarize the major characteristics and functions of skeletal, smooth and cardiac muscle. Be able to identify the major superficial muscles of the human body.

7. Describe the general structure and function of the nervous system including special senses.
8. Communicate results of scientific investigations, analyze data and formulate conclusions using critical thinking and scientific problem-solving skills.

Evaluation/Grading Policy:

Lecture Average 75% of final course grade

Homework/Quizzes 15%

Tests 40%

Final 20%

Lab Average 25% of final course grade

Lab Practicals 20%

Lab Reports 5%

Lectures & Discussions for A&P:

Week 1-	Chapter 1
Week 2-	Chapter 2
Week 3-	Chapter 3
Week 4-	Test 1 (Chps. 1-3) and Chapter 4
Week 5-	Chapter 4 and Chapter 5
Week 6-	Chapter 5 and Chapter 6
Week 7-	Chapter 6 and Test 2 (Chps. 4-6)
Week 8-	Chapter 7
Week 9 –	Chapter 8
Week 10 –	Chapter 9
Week 11 –	Test 3 (Chps. 7-9)
Week 12 –	Chapter 10
Week 13 –	Chapter 11
Week 14 –	Chapter 12
Week 15 –	Test 4 (Chps. 10-12)
Week 16 -	Final Exam

Student Responsibilities/Expectations:

Northeast Texas Community College is a “community of scholars.” Please remember that you and all students in this class are pursuing very important goals in your lives. As scholars, I expect every student to be courteous to other students, the teaching assistants, and the instructor in both lecture and laboratory experiences. The academic honesty and ethics statements below are crucial to the integrity of any college coursework, particularly in an online setting.

The last day to drop with a “W” is Thursday, April 12th. It is a student’s responsibility to withdraw by that date if they are not able to complete the course. Failure to do so WILL result in a grade of “F” for the semester.

NTCC Academic Honesty Statement:

"Students are expected to complete course work in an honest manner, using their intellects and resources designated as allowable by the course instructor. Students are responsible for addressing questions about allowable resources with the course instructor. NTCC upholds the highest standards of academic integrity. This course will follow the NTCC Academic Honesty policy stated in the Student Handbook."

Academic Ethics

The college expects all students to engage in academic pursuits in a manner that is beyond reproach. Students are expected to maintain complete honesty and integrity in their academic pursuit. Academic dishonesty such as cheating, plagiarism, and collusion is unacceptable and may result in disciplinary action. Refer to the student handbook for more information on this subject.

ADA Statement:

It is the policy of NTCC to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College counselor to obtain a Request for Accommodations form. For more information, please refer to the NTCC Catalog or Student Handbook.

Family Educational Rights and Privacy Act (FERPA):

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she attends a school beyond the high school level. Students to whom the rights have transferred are considered "eligible students." In essence, a parent has no legal right to obtain information concerning the child's college records without the written consent of the student. In compliance with FERPA, information classified as "directory information" may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student's name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.
