2 Exams @ 50%

There will be two exams, a mid-term and a final exam. Exams will mainly be multiple choice, but I reserve the right to ask any type of question on any test. Students will need #2 pencils and Scranton answer sheets, which are available in the NTCC Bookstore. If an exam is missed, it is the student's responsibility to contact me within one class day to set-up a make-up test. Make-up exams are always essay tests.

Discussion & Participation @ 10%

Students will be given Discussion Questions prior to assigned readings. Students are expected to answer and discuss these questions in depth during class. Written answers for these discussion questions may be required for a grade or chapter quizzes based on these questions may be given. Various other activities may count as part of your participation grade as well

Attendance @ 15%

Each student is allowed two (2) unexcused absences. Each additional absence will result in a loss of 5 points from their final attendance grade. One class day will be set aside for attendance make-up. Students with more than two absences can receive a 5 point bonus on their attendance grade for attending the make-up session. Students without an absence may receive the bonus as well. Unexcused absences are limited to one (1) in night and summer classes. Attendance make-up classes are not available in night or summer classes. Two (2) tardies will count as one (1) absence. It is the responsibility of students who enter class after roll has been taken to inform the instructor that they were present after class.

Family Educational Rights And Privacy Act (FERPA):

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she attends a school beyond the high

school level. Students to whom the rights have transferred are considered “eligible students.” In essence, a parent has no legal right to obtain information concerning the child’s college records without the written consent of the student. In compliance with FERPA, information classified as “directory information” may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student’s name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.
