This syllabus serves as the documentation for all course policies and requirements, assignments, and instructor/student responsibilities.

Information relative to the delivery of the content contained in this syllabus is subject to change. Should that happen, the student will be notified.

Course Description: 3 credit hours.

Lecture/Lab/Clinical: Online Course.

Behavioral and legal approaches to the management of human resources in organizations.

Prerequisite(s): None

Student Learning Outcomes:

- Explain the development of human resources management.
- Explain current methods of job analysis, recruitment, selection, training/development, performance management, promotion, and separation.
- Describe management's ethical, social, and legal responsibilities.
- Explain methods of compensation and benefits planning.
- Describe the role of strategic human resources planning.

Evaluation/Grading Policy:

All quizzes, discussion boards, exams, and case studies are completed individually and submitted electronically through Blackboard. Please pay careful attention to the due dates. **Late work will NOT be accepted.**

This course adheres to the NTCC Academic Honesty and Ethics statements discussed below. In addition, if a student submits the work of anyone else, they and the other person (if possible) will earn a zero grade on that assignment. If this happens a second time, the student will be dropped immediately from class with a failing grade and a note of academic dishonesty placed on their permanent NTCC record.

Assignments:

All assignments for this course will be provided on the first day of the course and will be completed and submitted via Blackboard. Assignments, instructions, and files are accessible via Blackboard.

Tests/Exams:

2 Exams (200 points each).

Each exam will be completed electronically via Blackboard and is presented in multiple choice format.

Exam 1 covers chapters 1-7

Exam 2 covers chapters 8-14

Chapter Quizzes: 14 Chapter quizzes (140 points total)

Chapter quizzes are worth 10 points each. Quizzes are completed electronically through Blackboard and are presented in multiple choice format. Students will have two attempts on each quiz, but the most recent grade, *not* the highest grade, will be considered for final grade calculations. **No late work will be accepted.** See course schedule below for specifics.

Discussion Boards: 4 Discussion Board Assignments (25 points each)

Online discussion questions can be found under the caption **DISCUSSION BOARD** within **Blackboard (see course schedule for dates)**. Students must post at least once to each topic posted.

Rubric:

One initial post (**Due as assigned**), respond to at least one peer.

Initial Post Length requires a minimum of 50 words

Secondary and third post length requires a minimum of 25 words per post

MLA or APA format required, incorporate appropriate in-text citation(s) referring to the academic concept with corresponding references page for the initial post.

Case Study Project: 2 Human Resources Case Studies (80 points each)

Students are to complete two (2) case studies based on predetermined human resources subject areas. Students will research and read articles related to two of the subject areas provided. Students will complete an article review for two of the predetermined human resources subject areas by relating it to the components that were addressed in the course. Each article review should be 1-page, single-space. Each review should be type-written in Microsoft Word and include a citation of the supporting article as well as the textbook. Details regarding the case studies and predetermined topics can be found under the Case Studies folder in Blackboard.

Please remember that these case studies should be your own work—plagiarism (taking someone else's work or ideas and passing them off as one's own) will not be tolerated. Copying from another source and using block quotations from another source is not representative of your own work. Credit will not be given for cut and paste papers with block quotations (an extract consisting of more than 40 words from another author's work).

Please review the college policy and the course syllabus for details regarding academic honesty.

Please use reputable internet websites; **do NOT utilize any Wikipedia or comparable citations.**

Failure to include citations and references will result in an F. **Late case studies will not be accepted.**

Rubric can be found on last page of this syllabus.

Final Grades

This course is set up on a point scale. You can calculate your grade at any time as all point values are listed on this syllabus. **Your final course grade will be based upon this scale only. There are NO extra credit opportunities. In addition, there are no “retakes” for any assignments or exams.** The scores that you receive on your original submissions will be what is counted toward your final grade. Please understand that I must adhere to this grading policy for all students so exceptions will not be made.

Assignments	Number of Assignments	Total Points
Discussion Boards	4	100
Quizzes	14	140
Exams	2	400
Article Review	2	160
Total		800

Required Computer Literacy Skills:

None

Course Structure and Overview:

Several elements are essential for your success in this course. You will need to understand these fully prior to starting the course:

This course is presented as an online course and will involve a collaborative teaching/learning style utilizing simulation exercises, projects, and additional on-line instructional components as necessary.

1. All online courses require extensive engagement (with other students, the instructor, and the course materials) as well as timely completion of assignments/quizzes. Assignments/quizzes are due weekly, and

sometimes each day of the week (see course schedule for specific due dates). Thus, keeping up with the schedule is essential to your success. Your personal schedule must allow you to keep up with the due dates for the readings and other assignments. Late work is not allowed in this course, so you must plan your schedule carefully.

2. You must have continuous access to a working and dependable computer and Internet provider.
3. The following study sequence will maximize your chances for mastering each lesson in this course:
 - a. Read the lesson overview and learning objectives.
 - b. Read assigned material in the textbook or eBook.
 - c. Review the learning objectives.
 - d. Review the PowerPoint and take notes as needed (i.e., connected to lesson objectives.)
 - e. Complete and submit Blackboard quizzes. These will add points to your course grade.
 - f. Be sure to participate in the Discussion Questions as assigned by writing your original responses and posting peer replies. These will add points to your course grade.
 - g. Be sure to contact your instructor when you have questions or need help.

Communications:

The preferred method of communication is via Blackboard Messages. Please ask questions when unsure about something. Students may contact the instructor via Blackboard Messages, email at lharwell@ntcc.edu, cell phone (903) 767-0056 (between the hours of 9:00 a.m. and 8:00 p.m.), or office phone (903) 434-8129. When calling please leave a message with your name and course ID. If texting, students should also identify themselves in each set of text messages. Please make text messages as specific as possible. Texting “I don’t understand anything about this assignment” does not provide your professor with enough to help you. Do not submit the assignment and ask questions in the comments area. The instructor's policy is to grade what is submitted, and rarely allows assignment resubmissions. The time to ask is BEFORE an assignment is submitted. If a student is repeating this class, please note that there are often assignment changes made. It is required that students re-create each assignment. Significant grade reductions will occur when a student submits a previous semester's work.

Institutional/Course Policy:

Blackboard will be used for file submission, but you will need to keep a copy of all work in case of error or file corruption.

You should check your NTCC email account daily. This email account will be the official form of communication for this course. Your email address is your first initial + your last name + the last three digits of your SSN. If you do not have a social security number, use the last three digits of your birth year. Your password is your birthday in the form of mmddyyyy (Ex: May 8, 1992 would be 05081992). Once you are logged in to the MyEagle portal, you can access your email by clicking on the Gmail icon. A good suggestion is to set up your email on your phone so that you will not miss important messages about the course.

Late Work Policy:

The word “assignments” refers to all work that is submitted via Blackboard or presented in class. Students are to submit assignments on or before the stated due date/time. Late work is *not* accepted.

Attendance Policy:

As this is an online course, students are expected to participate regularly and complete all assigned work. Excessive absences (two consecutive weeks of no participation) may result in the student being dropped from the class or having their grade average reduced. Attempt will be made to contact you before this happens, but should an emergency arise, you will need to contact your instructor by phone or email should you not be able to meet this requirement. Please see the schedule of classes for the last day to withdraw. Religious Holy Days: please refer to the current Northeast Texas Community College Student Handbook.

NTCC Academic Honesty/Ethics Statement:

NTCC upholds the highest standards of academic integrity. The college expects all students to engage

in their academic pursuits in an honest manner that is beyond reproach using their intellect and resources designated as allowable by the course instructor. Students are responsible for addressing questions about allowable resources with the course instructor. Academic dishonesty such as cheating, plagiarism, and collusion is unacceptable and may result in disciplinary action. This course will follow the NTCC Academic Honesty and Academic Ethics policies stated in the Student Handbook. Refer to the student handbook for more information on these subjects.

ADA Statement:

It is the policy of NTCC to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to request accommodations. An appointment can be made with the Academic Advisor/Coordinator of Special Populations located in Student Services and can be reached at 903-434-8264. For more information and to obtain a copy of the Request for Accommodations, please refer to the special populations page on the NTCC website.

Family Educational Rights and Privacy Act (FERPA):

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she attends a school beyond the high school level. Students to whom the rights have transferred are considered "eligible students." In essence, a parent has no legal right to obtain information concerning the child's college records without the written consent of the student. In compliance with FERPA, information classified as "directory information" may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student's name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.
