

Solar System – PHYS 1304

Course Syllabus: Fall 2017

“Northeast Texas Community College exists to provide responsible, exemplary learning opportunities.”

Mr. Mark Ellermann

Instructor of Physics
B.S. Physics and Mathematics, TAMU – Commerce
M.S. Physics, TAMU – Commerce

Office: MS117

Phone: (903) 434-8297

Email: mellermann@ntcc.edu

Office Hours	Monday	Tuesday	Wednesday	Thursday	Friday	Online
	3:00 – 5:00	3:00 – 6:00	3:00 – 5:30	3:00 – 5:30	By Appointment	

The information contained in this syllabus is subject to change without notice. Students are expected to be aware of any additional course policies presented by the instructor during the course.

Catalog Course Description (include prerequisites):

3 credit hours

Lecture/Lab/Clinical: Three hours of lecture each week.

Prerequisite: None

This course is the study of the sun and other bodies in our solar system, including the origin of our solar system.

Required Textbook(s): Kay, Palen, and Blumenthal. *21st Century Astronomy*, 4th Ed. W.W. Norton & Company, New York, 2016.

Publisher: W. W. Norton & Company

ISBN Number: 978-0-393-93899-9

Student Learning Outcomes: Upon successful completion of this course, students will be able to demonstrate understanding of qualitative concepts relating to the following learning outcomes:

- 1303.1) Recognize scientific and quantitative methods and the differences between these approaches and other methods of inquiry used in modern astrophysics.
- 1303.2) Communicate observations and interpretations clearly through written communication
- 1303.3) Use basic laws of astronomy to solve assigned tasks.
- 1303.4) The ability to translate, interpret, and extrapolate scientific theory governing the formation and evolution of the solar system

Core Curriculum Purpose and Objectives:

Through the core curriculum, students will gain a foundation of knowledge of human cultures and the physical and natural world; develop principles of personal and social responsibility for living in a diverse world; and advance intellectual and practical skills that are essential for all learning.

Courses in the foundation area of mathematics focus on quantitative literacy in logic, patterns, and relationships. In addition, these courses involve the understanding of key mathematical concepts and the application of appropriate quantitative tools to everyday experience.

College Student Learning Outcomes:

Critical Thinking Skills

CT.1 Students will demonstrate the ability to 1) analyze complex issues, 2) synthesize information, and 3) evaluate the logic, validity, and relevance of data.

Communication Skills

CS.1 Students will effectively develop, interpret and express ideas through written communication.

Empirical and Quantitative Skills

EQS.1 Students will manipulate numerical data or observable facts by organizing and converting relevant information into mathematical or empirical form

EQS.2 Students will analyze numerical data or observable facts by processing information with correct calculations, explicit notations, and appropriate technology.

EQS.3 Students will draw informed conclusions from numerical data or observable facts that are accurate, complete, and relevant to the investigation.

Teamwork

TW.2 Students will work with others to support and accomplish a shared goal.

Course Outline:

Chapter 1: Why Learn Astronomy
Chapter 2: Patterns in the Sky-Motions of Earth
Chapter 3: Motion of Astronomical Bodies
Chapter 4: Gravity and Orbits
Chapter 5: Light
Chapter 6: The Tools of the Astronomer
Chapter 7: The Birth and Evolution of Planetary Systems
Chapter 8: The Terrestrial Planets and Earth's Moon

Chapter 9: Atmospheres of the Terrestrial Planets
Chapter 10: Worlds of Gas and Liquid – The Giant Planets
Chapter 11: Planetary Adornments – Moons and Rings
Chapter 12: Dwarf Planets and Small Solar System Bodies

Evaluation/Grading Policy:

Homework will represent 15% of your grade. There will be 5 tests and a Final Exam. The average of all tests will represent 85% of your grade. The letter grading system is:

A	(90% - 100%)
B	(80% - 89%)
C	(70% - 79%)
D	(60% - 69%)
F	(< 60%)

Tests / Exams:

TEST 1: Chapters 1-2
TEST 2: Chapters 3-4
TEST 3: Chapters 5-6
TEST 4: Chapters 7-8
TEST 5: Chapters 9-10
FINAL EXAM: Chapters 1-12

Assignments: Homework will be assigned from Chapters 1-12

Other Course Requirements

A four-function calculator is recommended.

Student Responsibilities/Expectations:

Regular and punctual attendance at all scheduled classes is expected. There will be no make-up assignments.

NTCC Academic Honesty Statement:

"Students are expected to complete course work in an honest manner, using their intellects and resources designated as allowable by the course instructor. Students are responsible for addressing questions about allowable resources with the course instructor. NTCC upholds the highest standards of academic integrity. This course will follow the NTCC Academic Honesty policy stated in the Student Handbook."

Academic Ethics

The college expects all students to engage in academic pursuits in a manner that is beyond reproach. Students are expected to maintain complete honesty and integrity in their academic pursuit. Academic dishonesty such as cheating, plagiarism, and collusion is unacceptable and may result in disciplinary action. Refer to the student handbook for more information on this subject.

ADA Statement:

It is the policy of NTCC to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to request accommodations. An appointment can be made with Shannin Garrett, Academic Advisor/Coordinator of Special Populations located in the College Connection. She can be reached at 903-434-8218. For more information and to obtain a copy of the Request for Accommodations, please refer to the [NTCC website – Special Populations](#).

Family Educational Rights And Privacy Act (FERPA):

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she attends a school beyond the high school level. Students to whom the rights have transferred are considered "eligible students." In essence, a parent has no legal right to obtain information concerning the child's college records without the written consent of the student. In compliance with FERPA, information classified as "directory information" may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student's name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.

6 Drop Rule: "Students who enrolled in Texas public institutions of higher education as first-time college students during the Fall 2007 term or later are subject to section 51.907 of the Texas Education Code, which states that an institution of higher education may not permit a student to drop (withdraw with a grade of "W") from more than six courses. This six-course limit includes courses that a transfer student has previously dropped at other Texas public institutions of higher education if they fall under the law. Students should be sure they fully understand this drop limit before they drop a course. Please visit the admissions office or counseling/advising center for additional information and assistance."

Other Course Policies:

There will be no cell phone usage in the classroom. One warning for cell phone use will be issued, any further use will result in removal from class.

Campus Safety: Northeast Texas Community College (NTCC) is committed to maintaining the safety of the students, faculty, staff, and guests while visiting any of our campuses. See NTCC's website for details and to receive emergency notifications automatically by phone. In the event of an emergency contact NTCC Police at 903-434-8127.
